QUAYLE ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 14, 2008 has been entered.

Claim Objections

2. Claims 21-25 and 35-41 are objected to because of the following informalities:

In claim 21, line 6, , the recitation "adjustably coupled to the table saw" is not sufficiently clear since the first optical emitting device is part of the table saw; in line 8, the recitation "adjustably coupled to the table saw" is not sufficiently clear since the second optical emitting device is part of the table saw.

In claim 35, line 10, the recitation "adjustably coupled to the table saw" is not sufficiently clear since the first optical emitting device is part of the table saw; in line 14, "the cutting device" lacks positive antecedent basis.

In claim 36, line 2, the recitation "adjustably coupled to the table saw" is not sufficiently clear since the first optical emitting device is part of the table saw.

In claim 37, line 2, the recitation "adjustably coupled to the table saw" is not sufficiently clear since the second optical emitting device is part of the table saw.

In claim 41, line 2, "device" should be plural.

Appropriate correction is required.

Allowable Subject Matter

3. Claims 21-25 and 35-41 are allowable over the prior art of record.

Conclusion

4. This application is in condition for allowance except for the formal matters described above. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).
